

CCM Small/Mid-Cap Impact Value Fund*

As of 06/30/2021

Investment Objective

The CCM Small/Mid-Cap Impact Value Fund (the "Fund") seeks to provide long-term growth of capital.

Why Invest

The Fund seeks to provide long-term growth of capital by investing in a concentrated, benchmark-agnostic portfolio of well-researched equities that are trading at valuations that do not reflect their full potential. The determination of value goes beyond just price—it is also a function of a company's fundamentals, which are analyzed along multiple dimensions, including an assessment of its environmental, social, and governance opportunities and risks.

As of June 30, 2021. Performance data quoted represents past performance; past performance does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance of the Fund may be lower or higher than the performance quoted. Performance data current to the most recent month end is available by calling us toll free at 800.220.8888. Returns over one year are annualized. The Adviser has contractually agreed to waive all or a portion of its investment advisory fees and/or pay/reimburse expenses in order to prevent total annual fund operating expenses from exceeding 1.30% of the Fund's average daily, net assets through October 28, 2021. Pursuant to its expense limitation agreement with the Fund, the Adviser is entitled to recoup any fees that it waived and/or Fund expenses that it paid for a period of three years. These waivers and reimbursements may be terminated at any time with respect to the Fund by its Board of Trustees upon sixty (60) days' written notice to the Adviser without payment of any penalty and shall automatically terminate upon the termination of the Fund's advisory contract with the Adviser.

³Equity securities are evaluated through in-house research and supplemented with third-party data to determine where potential holdings fall across the four categories mentioned. Strong Positive Impact investments contain majority positive impact attributes; revenue greater than 50 percent from impact themes for equities, preferreds, corporates; use of proceeds analysis concludes positive outcome from impact themes for MBS, CMBS, ABS, Municipals; and Outstanding and High Satisfactory Community Reinvestment Act (CRA) ratings for financial institutions. Moderate Positive Impact investments support specific positive impact characteristics; companies that incorporate various impact and ESG factors; and/or are a net benefit to society (although less than 50 percent of revenue comes from positive impact themes, there are other positive policies and procedures in place that are considered impactful). Neutral Impact investments maintain neutral posture toward ESG risk; have the potential to reach impact status in the future; have the possibility of incremental changes in corporate behavior in response to future shareholder resolutions; and/or do not violate any negative restrictions. Negative Impact investments are not eligible for investment because they present excessive ESG-related risk.

⁴Percent of market value as of the most recent quarter end. Weights are determined by aggregating market values for each impact theme and dividing by the sum of all 18 impact themes.

The Russell 2500® Value Index measures the performance of those Russell 2500 companies with lower price-to-book ratios and lower forecasted growth values. You cannot invest directly in an index.
