

CRA Investment Strategy Overview

About the Fund

The CCM Community Impact Bond Fund (f/k/a the CRA Qualified Investment Fund) was launched in 1999 as a vehicle to help banks meet the investment test requirements of the CRA.

Investment Objective

The CCM Community Impact Bond Fund's investment objective is to provide a high level of current income consistent with the preservation of capital.

From a financial standpoint, each bank owns a pro-rata share of the Fund, whereby risks and returns are divided among all shareholders.

From a CRA standpoint, qualified investments in each bank's targeted assessment area(s) are purchased and earmarked, *dollar for dollar*, to each bank per CRA exam.

Strategy Vehicle

Mutual Fund: CCM Community Impact Bond Fund CRA Shares
(Ticker: CRAIX)

Why Invest?

CRA Reporting

We provide shareholders with customized and extensive CRA reporting.

Experience and Service

Since 1999, we have helped banks of all sizes nationwide with their CRA investments. We are always available to support our shareholders before, during, and after their CRA exams.

Liquidity

The CCM Community Impact Bond Fund is an open-end mutual fund offering daily liquidity with no redemption fees.

Diversification

The CCM Community Impact Bond Fund is diversified both geographically and by product type. The portfolio is a mix of high credit quality bonds across multiple sectors of the bond market, while still meeting community development objectives.

CCM Community Impact Bond Fund Earmarking Process

1 Bank purchases shares in the Fund and provides their county-level assessment areas (AAs).

2 Qualified investments in those targeted AA's are purchased and earmarked dollar for dollar to each bank.

3 Bank receives extensive documentation noting the primary purpose of each investment is community development.

4 Prior to the bank's CRA exam, a summary of all earmarked investments is provided.

5 Following the bank's CRA exam, shareholders provide notification of their public performance evaluation and any changes to AAs

Once an investment is subject to an exam for a CRA credit, it will never be earmarked to another shareholder. New qualified investments will be purchased and earmarked to the bank for its next CRA exam. **No double counting is permitted.**
