

COMMUNITY CAPITAL MANAGEMENT

JOB DESCRIPTION: SOFTWARE DEVELOPER FOR FINANCIAL OPERATIONS

LOCATION: FORT LAUDERDALE-AREA, FL or REMOTE

START DATE: IMMEDIATE

Community Capital Management, LLC (CCM), a \$4 billion+ institutional investment manager, is seeking a Software Developer in its Ft. Lauderdale-area office or remote. We are looking for a highly motivated and organized candidate to develop and support all facets of the Firm's proprietary technology.

DUTIES AND RESPONSIBILITIES

- Work closely with the portfolio management and technology teams on the research, design building, and testing of software related to portfolio management, trading, and impact platform.
- Building and enhance software that will capture and distribute real time market data, track portfolios, integrate order and execution systems, and develop interactive analytical tools to be used by the investment team.

QUALIFICATIONS

- A minimum of 2 years' experience of the below is required:
 - **Programming:** C#, .Net, MS Access, Excel Macros (Python, R, Java knowledge is a plus)
 - **Database:** MS SQL Server, SQL and T SQL, Stored Procedures
 - **REST API:** web API design
 - **Business Intelligence:** Tableau Online and Desktop
- Practical experience in the Front, Middle and Back offices of the asset management industry is highly preferred
- Passion for programming
- The ability to quickly learn to navigate complex data scenarios in the financial domain
- The ability to understand and create automation solutions for various business needs
- BS or MS in Computer Science
- Experience working on software projects independently or with a team outside of academic coursework
- Reliable, accountable and can work without supervision
- Develop structured, well organized and self-documented code

HOW TO APPLY

For consideration, please send cover letter and resume to jobs@ccminvests.com; reference "Software Developer" in the subject line.
