

CCM Alternative Income Fund (CCMNX)

As of 09/30/2022

Why Invest

The Fund seeks a high level of current income with a goal of a Securities and Exchange Commission ("SEC") 30-day yield greater than 3-Month Treasury bills plus 3%. The Fund also seeks reduced correlations to the S&P 500 Index and the Bloomberg Aggregate Bond Index.

Investment Objective

The Fund's investment objective is to seek to provide (1) a high level of current income consistent with the preservation of capital and (2) reduced correlation to conventional stock and bond markets while considering environmental, social and governance (ESG) factors.

Performance for periods greater than 1-year are annualized.

Performance quoted is past performance and does not guarantee future results. Current performance may be lower or higher than the performance data quoted. An investor's investment return and principal value will fluctuate, so that your share when redeemed may be worth more or less than your initial cost. To obtain the most recent month-end standardized performance, call 888-272-0007. Performance reflects fee waivers, which if not in effect, would have decreased performance.

The Advisor has contractually agreed to waive fees and reimburse expenses until September 30, 2023 so that Total Annual Fund Operating Expenses will not exceed 1.85% of the Fund's average daily net assets attributable to Institutional Shares if at any time the Fund's Total Annual Fund Operating Expenses for a year is less than 1.85%, the Advisor may recoup any waived or reimbursed amounts from the Fund within three years from the date on which such waiver or reimbursement was made by the Advisor, provided such reimbursement does not cause the Fund to exceed the expense limitations that were in effect at the time of the waiver or reimbursement.
