

COMMUNITY CAPITAL MANAGEMENT, LLC**JOB DESCRIPTION:** Financial Technology Middle-Tier Developer**LOCATION:** FORT LAUDERDALE-AREA, FL**START DATE:** IMMEDIATE

Community Capital Management, LLC. (CCM) is seeking a Financial Technology Middle-Tier Developer to join our team in the Fort Lauderdale-area, FL office. We are looking for a highly motivated and organized candidate to develop our next-generation REST Middle Tier.

DUTIES AND RESPONSIBILITIES

- Develop our REST Middle Tier to support the next-generation web-based user interfaces, which include but are not limited to web applications for trading, investment management, regulatory and client reporting.
- Work closely with the portfolio management and technology teams on the research, design building, and testing of various software components with complex business logic to drive the Middle Tier.
- Assist in the migration of the legacy business tier into our modern Middle Tier by researching the code base of existing functionalities.

QUALIFICATIONS

Qualified candidates will possess:

- BS or MS in Computer Science
- A minimum of 3 years' experience of the below is required:
 - Programming: Extensive experience in C# and its API development eco-system. Experience with various versions of Entity Framework and DevExpress Windows components
 - REST API: Must have experience in developing REST APIs, preferably on a Microsoft tech stack.
 - Database: Extensive experience in developing SQL and stored procedures in SQL Server to handle complex and large datasets.
 - Investment Management: Experience in the investment management industry, especially in the Fixed Income domain, is highly preferred.
 - Business Intelligence: Knowledge of Tableau Online and Desktop is a plus.
- Experience working on software projects independently or with a team outside of academic coursework.
- Develop structured, well organized, and self-documented code.
- Passion for programming, excellent communication and critical thinking skills
- The ability to quickly learn to navigate complex data scenarios in the financial domain.

HOW TO APPLY

For consideration, please send cover letter and resume to techjobs@ccminvests.com ; reference "Financial Technology Middle-Tier Developer" in the subject line.
