LOCATION: FORT LAUDERDALE-AREA, FL

START DATE: IMMEDIATE

Community Capital Management, LLC (CCM) is seeking a UI Web Developer to join our team in the Fort Lauderdale-area, FL office. We are looking for a highly motivated and organized candidate to develop our next-generation web-based user interfaces. The candidate will have the opportunity to work with our cutting-edge REST Middle Tier. They will also develop a deep understanding of technology applications in the Impact Investing industry.

DUTIES AND RESPONSIBILITIES

- Develop our next-generation web-based user interfaces.
- Work closely with the portfolio management and technology teams on the research, design building, and testing of Web-based user interface.
- Build and enhance software that will capture and distribute real time market data, track portfolios, integrate order and execution systems.

QUALIFICATIONS

Qualified candidates will possess:

- BS or MS in Computer Science
- A minimum of 2 years' experience of the below is required:
 - Programming: ReactJS (highly preferred) or other Single Page Application Frameworks such as Angular. Typescript, NodeJS, ES6 etc. Knowledge of Dev-Express Windows UI and Entity Framework ORM is a plus.
 - REST API: Familiarity with web services that are primarily based on REST APIs.
 - Business Intelligence: Tableau Online and Desktop
 - Database: basic understanding of SQL Server database is required
- Experience working on software projects independently or with a team outside of academic coursework
- Reliable, accountable and can work without supervision.
- Develop structured, well organized, and self-documented code.
- Critical Thinking
- Excellent communication skills to all stakeholders
- Passion for programming
- The ability to quickly learn to navigate complex data scenarios in the financial domain.

HOW TO APPLY

For consideration, please send cover letter and resume to techjobs@ccminvests.com; reference "UI Web Developer" in the subject line.
