

# CCM Small/Mid-Cap Impact Value Fund\*

As of 03/31/2021

## Investment Objective

The CCM Small/Mid-Cap Impact Value Fund (the "Fund") seeks to provide long-term growth of capital.

## Why Invest

The Fund seeks to provide long-term growth of capital by investing in a concentrated, benchmark-agnostic portfolio of well-researched equities that are trading at valuations that do not reflect their full potential. The determination of value goes beyond just price—it is also a function of a company's fundamentals, which are analyzed along multiple dimensions, including an assessment of its environmental, social, and governance opportunities and risks.

<sup>3</sup>Equity securities are evaluated through in-house research and supplemented with third-party data to determine where potential holdings fall across the four categories mentioned. Moderate Positive Impact investments support specific positive impact characteristics; companies that incorporate various impact and ESG factors; and/or are a net benefit to society (although less than 50 percent of revenue comes from positive impact themes, there are other positive policies and procedures in place that are considered impactful).
